To Whom It May Concern:

Re: Patent Petition

Please allow this document to represent the requirement of a petition stating clearly that a patent is sought for the invention of "Stud Clips" and their associated uses and accessories. As will be made clear through the following documentation "Stud Clips" meet the requirements of novelty, utility, and inventiveness.

Please find attached \$370.00 basic filing fee as per your rules for a small entity plus \$182.00 for extra claims fee.

I have composed hand-drafted drawings as a means of getting the application process started. I will however be forwarding proper computerized drawings at the earliest possible date.

Thank you for your time,
Respectively submitted,

 Oct 20/01.
